Our ETUTORME tutors who assist pupils preparing for the Oxford MAT are Britain's top 5% academics – PhDs, Lecturers, researchers in Mathematics with extensive teaching and lecturing experience from leading UK universities such as Cambridge, Oxford, UCL, Imperial, KCL, QMW and many more.

This course comprises of 3×2-hours one-to-one online Lectures per week for 3 weeks. We cover:

1. The MAT Syllabus with emphasis on the sections which have appeared in previous exam papers. In particular we cover:

- Integers, Sequences and Series

- Polynomials and Logarithms

- Coordinate Geometry and Trigonometry

- Curve Sketching and Integration

- Algorithms and Counting

- Review of miscellaneous multiple choice test   questions and exam technique

- Review of miscellaneous longer questions and exam technique

2. Past exam papers and their solutions.

3. Topics which have appeared in past exam papers and have not been assimilated by the pupil.

4. Model exam papers and their solutions.

In all cases we take into account the   mathematical background of our pupils and design programs of studies tailored to their needs.
